Cookies are small pieces of data— usually text files – placed on your computer, tablet, phone or similar device when you use that device to access our Services. We may also supplement the information we collect from you with information received from third parties, including third parties that have placed their own Cookies on your device(s).

Please note that because of our use of Cookies, the Services do not support “Do Not Track” requests sent from a browser at this time.

We use the following types of Cookies:

- Essential Cookies. Essential Cookies are required for providing you with features or services that you have requested. For example, certain Cookies enable you to log into secure areas of our Services. Disabling these Cookies may make certain features and services unavailable.
- Functional Cookies. Functional Cookies are used to record your choices and settings regarding our Services, maintain your preferences over time and recognize you when you return to our Services. These Cookies help us to personalize our content for you, greet you by name and remember your preferences (for example, your choice of language or region).

- Performance/Analytical Cookies. Performance/Analytical Cookies allow us to understand how visitors use our Services. They do this by collecting information about the number of visitors to the Services, what pages visitors view on our Services and how long visitors are viewing pages on the Services. Performance/Analytical Cookies also help us measure the performance of our advertising campaigns in order to help us improve our campaigns and the Services' content for those who engage with our advertising. For example, Google LLC ("Google") uses cookies in connection with its Google Analytics services. Google's ability to use and disclose information collected by Google Analytics about your visits to the Services is subject to the Google Analytics Terms of Use and the Google Privacy Policy. You have the option to opt-out of Google's use of Cookies by visiting the Google advertising opt-out page at [www.google.com/privacy\\_ads.html](http://www.google.com/privacy_ads.html) or the Google Analytics Opt-out Browser Add-on at <https://tools.google.com/dlpage/gaoptout/>.

You can decide whether or not to accept Cookies through your internet browser's settings. Most browsers have an option for turning off the Cookie feature, which will prevent your browser from accepting new Cookies, as well as (depending on the sophistication of your browser software) allow you to decide on acceptance of each new Cookie in a variety of ways. You can also delete all Cookies that are already on your device. If you do this, however, you may have to manually adjust some preferences every time you visit our website and some of the Services and functionalities may not work.

To explore what Cookie settings are available to you or to modify your preferences with respect to Cookies, you can access your Cookie management settings by [clicking](#). In some cases we retain Personal Data for longer, if doing so is necessary to comply with our legal obligations, resolve disputes or collect fees owed, or is otherwise permitted or required by applicable law, rule or regulation. We do not knowingly collect or solicit personally identifiable information from a child under 13 without obtaining verifiable consent from that child’s parent or guardian (“Parental Consent”), except for the limited amount of personally identifiable information we need to collect in order to obtain Parental Consent (“Required Information”). Until we have received Parental Consent, we will only use Required Information for the purpose of obtaining Parental Consent. If you are a child under 13 years of age, please do not attempt to send any Personal Data about yourself to us before we obtain Parental Consent, except for the Required Information in the context of the Parental Consent process. If you believe that a child under 13 years of age has provided us with Personal Data (beyond the Required Information) without our obtaining Parental Consent, please contact us at [support@pleiadesmh.com](mailto:support@pleiadesmh.com). We do not condition participation in our Services on disclosure of more Personal Data from a child under 13 years of age than is reasonably necessary for that participation, and we do not retain Personal Data from children under 13 years of age longer than is reasonably necessary in order to fulfill the purpose for which it was disclosed.

If you are a parent or guardian of a user of our Services who is under 13 years of age, you may contact us at any time to ask that (a) we stop collecting Personal Data from such user, (b) we delete any Personal Data already collected from such user (although note that we may further retain information in an anonymous or aggregated form where that information would not identify such user personally), or (c) we stop disclosing Personal Data collected from such user to third parties, but continue to allow for collection and use of Personal Data collected from such user in connection with the Services.
